

WALL EXHAUST FAN

FEATURES:

- The blades are die stamped and die formed to assure balance
- Guard as shown is standard
- Totally enclosed, one, two or variable speed motor
- Non overloading characteristics
- Attractive enamel finish
- Vertical or horizontal installation
- Self acting, extruded aluminum blade Shutters
- Frames are built with steel panel, incorporating mounting flanges and a Venturi orifice

OPTIONAL ACCESSORIES:

- Adjustable louvers for manual or motorized operation
- Fan guards constructed of expanded metal for either the intake or the discharge
- Special coatings for fans installed in contaminated atmospheres
- Variable speed motors
- Consult your representative for information on special applications

OSHA approved guards are available
