

# SILICONE HEATERS

In addition to custom-designed Silicone heaters, West Heat Industries stocks standard sizes of silicone rubber heaters. These flat, flexible heaters range from 25 to 100 watts and are supplied complete with pressure sensitive adhesive and 8" silicone leads.

See the table below for help in selecting the right size for your application. Pre-set or adjustable thermostats are optional.

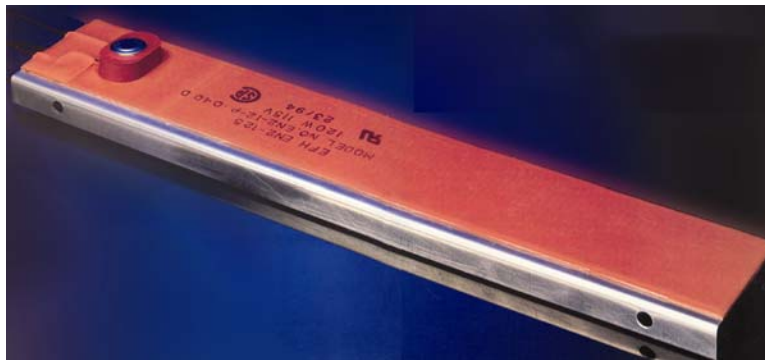

## IN-STOCK HEATERS

Length	Width	Watts	Volts	Leads	PSA	Part Number
5"	1"	25W	120V	8"	Yes	H-SHSA-0105-0025-1208
5"	2"	50W	120V	8"	Yes	H-SHSA-0205-0050-1208
5"	3"	75W	120V	8"	Yes	H-SHSA-0305-0075-1208
5"	4"	100W	120V	8"	Yes	H-SHSA-0405-0100-1208
