

SHOWER MAID

Shower Filter

Consider chlorine as one of the most toxic elements found in nature. Yet we come in contact with it everyday...

Chlorine removal...

- Leaves your hair softer and more manageable
- Revives dry skin & scalp
- Gives you healthier, younger-looking skin
- Is gentle on colour treated hair

For health reasons, it is best to remove chlorine from drinking water, so why not remove it from your shower?

The New Century

Shower Filter

The New Century® by Rainshow'r®, a non-cartridge shower filter removes toxic chlorine from your shower with the best in style & technology. The result is better skin conditions, more manageable hair and reduction of itches and rashes. It is the most environmentally correct filter because it uses less plastic and lasts longer. When used with the water saving Bernoulli Power Shower head it combines eco-consciousness with a healthy and invigorating shower experience. It has been tested and certified by the Water Quality Association and meets NSF Standard 177 for performance.

- Healthier, Younger Looking Skin
- Softer, More Manageable Hair
- Reduces Fading of colour-treated Hair
- Relief From Dry Skin and Scalp
- Improved Lathering and Sudsing
- Great for Those With Chlorine Sensitivity
- 18 oz of KDF-55 Largest Shower Filter
