

Mineral-Tech

6 Stage Re-mineralizing Reverse Osmosis System

The Mineral-Tech Reverse Osmosis Systems offer high quality water. After cleaning the water this system adds minerals back into the water under a controlled atmosphere adding calcium, magnesium, sodium and potassium.

GPD	Line	UV	Part #
50	¼"	No	W-SR06-5025-CM01

System Sold Complete With:

Sediment Filter	2 Carbon Filters
Membrane	In-Line Post Filter
In-Line Mineral Filter	Tank
Gold Accent Faucet	Housing Wrench
Tubing & Fittings	

pH Plus

Re-mineralizing pH Balancer

The pH plus is an all in one reverse osmosis system designed to purify the water, balance the pH level and add back the healthy minerals our bodies flourish on.

GPD	Line	UV	Part #
50	¾"	No	W-SR05-5038-CCA2

System Sold Complete With:

Sediment Filter	Carbon Filter
Membrane	In-Line Mineral Filter
Calcite Filter	Tank
Toggle Style Faucet	Housing Wrench
Tubing & Fittings	

pH Balancer

Alkalinity Boosting R/O System

This R/O uses a Calcite/GAC Cartridge which incorporates a premium high grade calcite media for the re-mineralization of low pH water.

GPD	Line	UV	Part #
50	¼"	No	W-SR04-5025-CCA1

System Sold Complete With:

Sediment Filter	Carbon Filters
Membrane	Calcite/GAC Filter
Tank	Gold Accent Faucet
Housing Wrench	Tubing & Fittings
