

4 Stage Triple Sump R/O

With 3/8" Line From Tank

The final polishing carbon filter, is the same as the stage-2 carbon block. This system does not need an in-line carbon polishing filter. This reduces the different types of filters needed from three to two.

GPD	Line	UV	Part #
75	3/8"	No	W-SRO4-7538-C004
